Hamilton County Public Health (HCPH) has announced the availability of WeTHRIVE! grants offering technical assistance and funding for Hamilton County communities to plan for the development of policy and environmental changes that will promote or sustain healthy initiatives.

Funding for this project is available through the Robert Wood Johnson, Healthy Kids, Healthy Communities grant. HCPH is one of 40 grant-awarded communities charged with implementing strategies for improved nutrition, increased physical activity and reduced obesity. WeTHRIVE! is a county-wide movement focused on changing social norms by creating policy, systems and environmental changes with the ultimate goal of reducing obesity and other chronic diseases. More information can be found at WatchUsThrive.org.

HCPH will mentor funded communities from June 17, 2013 through October 17, 2013.

Communities funded will:

- Complete a community health assessment
- Adopt a wellness resolution
- Develop a health action plan that includes policy and environmental change strategies that will promote and sustain community health promotion initiatives.
- Receive \$1,500 after completion of planning grant criteria
