** 100% juice (or 100% juice plus water) with no added sweeteners must contain at least 10% Daily Value of 3 vitamins and nutrients as such as Vitamin A, C, D and calcium.

Time of Day: The Guidelines apply to beverages sold on school grounds during the regular and extended school day when events are primarily under the control of the school or third parties on behalf of the school. The extended school day can be defined as the time before or after the official school day that includes activities such as clubs, yearbook, band and choir practice, student government, drama, and childcare / latchkey programs.

The Guidelines do not apply to school-related events where parents and other adults are a significant part of an audience and are selling beverages as boosters during intermission, as well as immediately before or after such school-related events. Examples of these events include interscholastic sporting events, school plays, and band concerts.
